

**Cape Town** reports that a Bollywood feature, *Crook*, is currently filming in Cape Town and that an upcoming feature, *Lost Future*, is due to commence in March. Most of the commercials processed are international with very little local commercial work during the period.

**Johannesburg** is processing a feature and the commercial work has remained at a constant level.

The commercials submitted by Media Host have increased over January, and are in fact higher than the same period last year.

We would like to thank the laboratories and Media Host for the information they have supplied. We make no attempt to identify the title of the production, or the production house or any other information as this is often confidential information – we supply simply the numbers.
